Cllr Vina Mithani with rubbish dumped opposite Elgin Avenue

Illegal fly-tipping at the Junction of Elgin Avenue and Kenmore Avenue including the nearby alleyways is causing continued distress to local residents. The area is littered with bags of rubbish, mattresses, broken furniture and other dangerous waste items. Despite a number of residents complaining to the council no action has been taken to date. The Kenton West Conservatives are on the case and have contacted the Labour controlled council to clean up its act and the area! **We will keep you informed.**

“No Right Turn” at the Junction of Kenton Lane and Kenton Road put into place by the inept Labour council has proved to be hugely unpopular with the local residents and businesses. The Conservatives will hold Labour to account over their decision and we are working extremely hard to reinstate the right turn into **Kenton Lane** from **Kenton Road** when approaching from Kingsbury. **We will report back on our progress!**

A 20 mph Traffic Zone will be introduced by the council in the area of Elmgrove School. This will affect **Kenmore Avenue, Cullington Close** and **Daintry Close**. The council has informed us that they will carry out a consultation with local residents. **Have you been consulted? If not, we would like to hear your views and concerns.**

Getting the Job Done!

 **Belmont Trail**
We fought for the money to build a fence along the trail and **Christchurch Gardens**. This has cut anti-social behaviour and crime in the area.

 **Kenton Recreation Ground**
The pavilion facilities were in an appalling condition. We helped secure the funding for the refurbishment of the pavilion i.e. building, toilets & improvements to security of the building.

 **Kingshill Avenue**
There was a serious problem with road safety and illegal parking. We contacted the council to have parking restrictions in the form of yellow lines introduced.

 **Kenton Lane/Kenton Pk. Avenue**
There were serious problems with illegal fly-tipping in the service roads. We took up the issue with the council and had lockable gates fitted to allow access to authorised persons only. The problem of fly-tipping has disappeared overnight as a result.

 **Alicia Avenue**
The road was in very poor condition. We took this up with the council and as a result the road had significant resurfacing work done.

 **Installation of Green Gym**
We worked towards the funding of the boule piste and actively supported the outdoor gym project at **Kenton Recreation Ground**.

=====

LET US KNOW IF YOU HAVE PROBLEMS WITH POTHoles, MAINTENANCE OF GRASS VERGES, OVERGROWN TREES, STREET LIGHTING, FLY-TIPPING, BROKEN PAVEMENTS - WE ARE HERE TO HELP. **ONLY THE CONSERVATIVES CAN BE TRUSTED TO GET THE JOB DONE!**

Did you know?

- Labour in Harrow have used £2.1 million from the Primary Care Trust to pay into the Leader's special fund (Transformation and Priority Initiatives) instead of adult social care.
- The Labour-controlled Harrow Council is cutting the number of people eligible for Discretionary Disabled Freedom Passes, and placing harsher limits on the number of trips that can be made with Taxicards.
- Some social care costs have increased in Harrow under Labour administration.
- Labour cut grants to voluntary groups by 15%, despite their manifesto pledges to look at increasing them.
- Under Labour, the Council is cutting dozens of library staff and replacing them with machines. Kenton Road library will be affected.
- Labour promised they would try to introduce free parking and then increased charges in many areas.
