

## Cedars Youth & Community Centre

We were delighted to see the new centre open on 28<sup>th</sup> May. Hopefully it will be a facility that the whole community can enjoy.

Unfortunately the construction works have been terrible for local residents, with blocked roads, unpleasant workers and early morning noise. One Sunday the Conservative Group Leader went down to the site personally to stop work outside permitted hours.

Let us know if there are any more problems

<b>Stop Press</b>	<p><b>Laureston, Park Drive</b> Conservatives supported local residents to stop this garden development. We have persuaded the Council to issue a 'Stop Notice' whilst a resolution is found. We will keep up the pressure and report back.</p>

## Getting the Job Done!

**Kenton Lane** *The drains opposite Richmond Gardens were blocked. When it rained the water got very deep at this dip in the road. We got the council to unblock it.* 

**140 Uxbridge Road** *We have regularly complained about planning violations here. We will keep on complaining until the issues are fixed.* 

**Brookshill** *the drains here were overflowing in heavy rain. We got the council to inspect and they found the problem was in Thames Water's drain. We will keep onto it until it is cleared.* 

**College Road** *Bin collectors were refusing to empty a large communal bin from a block of flats. We intervened and collections have now been resumed.* 

**Kenton Lane** *The pavement was being overgrown near the entrance to Dromey Gardens. We got the trees cut back to clear the pavement. We would have preferred them cut more, we will keep an eye to check they do not get too big again.* 

### **All Saints Church**

The Church and other local groups are planning to open a forest school at a nature reserve off Uxbridge Road.

We helped with their successful funding application to a charity and are now involved in the steering group to help set up the new centre.

## **Conservative Government Pays to Rebuild Cedars & Weald Schools**

Those of you have been into these schools know that the old parts are in poor condition. They have particular problems in heavy rains.

The government has given money for a wave of rebuilding of schools that are in poor condition. Cedars and Weald have been selected as two of the schools for rebuilding works. We will let you know as the plans become clearer.

## **Although times are tough Conservatives put the money where it is most needed**

### **Grass out of Control**

The grass is too long all over Harrow Weald. We have complained to the council about overgrown grass in College Hill Road, Kelvin Cres, Silver Close, Fontwell Close, Wilsmere Drive, Wynchgate and Whitegate Gdns but we are sure there are more roads that need cutting.

**Let us know if your road  
needs cutting**

### **Poor Road Signs**

Residents complained about these confusing and dirty old road signs.

Cllr Ferrari got onto the case and you can see the results

**Let us know if there are  
problems in your road  
and we will take them up**
