

Government's Council Tax Freeze

As promised, the Government has provided funding so that Harrow could freeze council tax again this year. This should provide some help during the tough times ahead.

We have urged the Labour Council to stop wasting money so that council tax rises can be avoided in future years.

Conservatives – campaigning to keep your bills lower for longer

Stop Press	<p>Silver Close/Boxtree Lane It feels like it has taken forever but we have finally managed to get the island replanted with more manageable plants.</p> <p>They will then be cared for by local residents.</p>

Getting the Job Done!

Boxtree Park We have been complaining about the tarmac on the paths for a very long time.

At last the council has repaired some of the worst sections.

Acacia Close We worked closely with local residents to have an illegal wall taken down

and to get bricks and other debris removed from the area.

Elm Terrace

People have been climbing over the wall from the park into the

terrace. Officers have agreed to repair the fence and plant some spiky shrubs against the wall in the park.

Long Elmes

A resident who needed an adaptation to support their

health needs had waited a long time for the work. We chased the council and finally the shower was installed.

Carrington Square

One of the lights on the end of the blocks had been broken for

some time. We pursued it with the council (a number of times) and eventually got it fixed.

We'd now like to share some news of our own. Cllr Stephen Greek has become engaged to the delightful Sara. We would like to offer them both our heartiest congratulations.

Cedars Youth & Community Centre

Kids Can Achieve and Watford FC have finally managed to clear all of the hurdles and the new centre is now being built.

We, the TRA and local residents have all worked hard with them to regenerate this part of Harrow Weald

We have had a discussion with Kids Can Achieve about the impact of the building work. The builders have not been particularly sociable, working out of hours and blocking the road. **We have asked KCA to get their builders to behave better.**

We also had conversations with residents about the security of the final building and we found some documents saying there was no plan for external CCTV. We did not think this was a good idea and discussed this with Watford FC. **External CCTV is now planned.**

Bannister Car Boot Sales

Car boot sales were recently planned at Bannister Stadium without proper consultation with residents. We took this up with the Council and the sales have now been stopped until better consultation has taken place. The Council's contract with Leisure Connections ends soon so hopefully this plan will never get started.

Let us know if you see any signs that sales will restart.

Potholes:

Not "Deep" Enough!

Unfortunately the budget for potholes has been cut to fund new computers at the Council.

We have reported potholes in a number of roads, only to be informed by the council that they are not "deep" enough. Now they will not fill holes that are less than 25mm (1 inch) deep.

We have reported holes on many roads, including:

Whitegate Gardens
Clewer Crescent
Windsor Road
Chicheley Road
Hampden Road
The Avenue
Chestnut Drive

**Let us know when
you think a hole
needs fixing**
